

## Minimum System Requirements for Windows

In order to run **Examplify with ExamID and ExamMonitor** for the online, remotely-proctored Admissions Assessment, the following are the Minimum System Requirements for your laptop/computer:

- Operating System: 32-bit and 64-bit Versions of Windows 10.
- Only genuine versions of Windows Operating Systems are supported.
- The English (United States) Language Pack must be installed
- CPU Processor: 2.0 ghz Intel i3 processor or equivalent
- RAM: 4GB required; 8GB or higher recommended
- Hard Drive: 2GB or higher available space.
- Screen Resolution should be at least 1024x768 or higher.
- Examplify version 2.3.2 or greater
- Webcam (no virtual cameras or phones as cameras)
- Microphone (no headphones, no virtual mics)
- Internet: 2Mbps upload speed
- For technical troubleshooting, account passwords, including BitLocker keys, may be required.
- Internet connection for Download, Registration, Exam Download and Upload.
- Administrator level account permissions on your computer ([Instructions](#))
- For those testing onsite and needing support, a working USB port is required (Newer devices may require an adaptor)

Items **NOT SUPPORTED** include:

- **Alternate versions of Windows 10, such as Windows RT and Windows 10 S, are NOT supported at this time.**
- Examplify cannot be run within virtualized environments or environments that require persistent network (local or otherwise) connections during secure exams. This includes, but is not limited to, VMWare, Parallels, Citrix workspace, Virtual Disks, Streamed images, etc.
- You may not use any virtual camera software with ExamID or ExamMonitor.
- ExamSoft does not support Tablet devices other than Surface Pro as detailed below
- If your institution does not allow the use of Microsoft Surface devices, Surface Pro and Surface Books are NOT permitted. Surface laptops that come with non-detachable keyboards are permitted. Non-Pro Surface devices are not supported for ANY institution.
